

Hi Everyone

From Our PAWA Club Officers and Members

We would like to send out a Big Thank you

To W1EKG, Ross / WA1Q, Bob and the Whitman

Club for inviting us to their Open house at the

Whitman Knights of Columbus on Saturday

We had an awesome time

The weather was not the best but no worries everyone was able to set up inside

It was an awesome demonstration of

the different, gear along with the bands and modes that is used, but more than that amateur radio shows us that

It's more than just an on the air hobby but it's one

Brings us altogether with events like this

we all joined to become a team and enjoyed being

With friends
