

This was from an activation, from, US-2446 Massasoit State Park with
N1ZAG, Jason / myself N1NTM, Mike we put 55 contacts in the logs working 7 bands

Sending out a Big Thank you to team members

W1FIC, Frank / KB1WCK, Joe / KC1TLT, Wendy

KC1NNR, Joe / W1AEL, Allen / W1AGF, Adam

WA1TOM, Tom and all the hunters and activators

Who chased us as we worked the bands and our surprise of the day was a visit from

Team members, K1OFO, Joe / WC1N, Bob It was awesome to have them stop by

Amateur radio gets us on the air team PAWA brings, us altogether, so we can enjoy being
with friends and just having fun, and that we did

Here are two more photos from our activation

From US-2446 Massosoit State Park

Our POTA gear setup, FT- 891 running 50 watts / And Computer with

Paper logging systems were up and working well, lol

For our antenna, that was a 17 foot vertical mounted on a tri mag mount on the jeep

Along with WC1N Bob's, Mesh core Repeater how cool is that

Talk to you soon, my friends

Mike, N1NTM / K1OFO, Jose / N1ZAG, Jason / WC1N, Bob

PAWA Adventure - Together we learn, explore, and grow - One signal, one smile

One memory at a time - Carrying on a tradition
