

This one has been on our bucket list for a while- US-11677 Meetinghouse Swamp WMA. This “park” is for you if you like playing Frogger, hiking down the highway, then bushwhacking through a swamp full of standing water and mosquitos.

Also, the possible risk of swamp monsters.

😊 Joe put 25 in the log on 20m CW
QRP and I had 16 20m CW. Thanks for the QSO Gary- NA1R.

Hello Hello

My POTA Family.

My Ham Radio Family.

ME Days Are Times When One Takes The Time To Just Get Away And Enjoy Their Hobbies.

Regardless Of What It May Be.

I Have Reached All My Personal Goals That I Set Before Me.

It Took 2 Months Shy Of 6 Years To Get It Done.

But When WE All Get Started ...

We Really Don't Have Any Idea Of The Direction To Go.

Believe It Or Not.

Your The Biggest Reason I Go Out To The Parks Like I Do....

There Is About 5 More Folks That Are Getting Close To Their 1500 McCafe Achievement With Me.

That's The Chips Of

50 Or 500 Or 1000 Or 1500 Contacts.

I Have The New Tokens Now For Anyone Who Has Made A Single Contact With Me And You Want One Of Those.

SASE With QSL Card And Will Send You One.

My Daughter Is Working On Another Surprise Item And Hope To Share Them At Hamcation.

Working On Another Personal Goal Now.

It's Called

I'm A Work In Progress.

So I'll Just POTA ON
